# Water Pumping Program

**Intent of Program:** To provide assistance to agricultural producers in Alberta in securing adequate water supplies for domestic and livestock use during times of dry conditions and drought.

## Terms and Conditions

1. Eligible applicants include any agriculture producer in Alberta that is experiencing a water shortage for domestic, livestock or agricultural purposes.
2. Equipment will not be delivered to producers wanting to use the Program equipment until a Program contract has been signed.
3. Equipment: In this contract, "equipment" means:
  - (a) Power take-off (PTO) pump together with screened intake and discharge hose.
  - (b) Additional pumps.
  - (c) Up to one mile of 6" or 8" aluminum pipe, on a trailer equipped with electric brakes and lights for highway travel.
  - (d) Each additional mile of pipe and trailer.
4. The rental rate is for the first 36 hour period or any part thereof, following receipt of the equipment. This allows one full day for setup and dismantling. An additional full rental rate shall be charged for each additional 24 hour period or any part thereof, during which the Renter has the equipment.
5. The Renter is responsible for all damages to the equipment, other than ordinary wear and tear, while the equipment is in the Renter's possession. Alberta Agriculture and Irrigation will determine the monetary amount of such damage.
6. Payment shall be made to Alberta Agriculture and Irrigation after discussing and booking with a driver and prior to equipment use. All payments made by cheque are payable to the Government of Alberta. Alberta Agriculture and Irrigation will provide official receipts.
7. Alberta Agriculture and Irrigation staff have the right to enter lands to inspect the equipment or observe its use.
8. Alberta Agriculture and Irrigation is not responsible for any claims, actions, suits, proceedings, costs, expenses, damages, and liabilities (including attorney's fees) arising out of, connected with, or resulting from the rental of equipment, including, without limitation, the delivery, possession, use, operation, or return of the equipment.
9. Time is of the essence in this contract and in each and all of its provisions.
10. The Renter will notify Alberta Agriculture and Irrigation as soon as possible but no later than completion of the pumping job, if any accident occurs, or if the equipment is damaged, stolen, or found to be deficient.
11. The Renter will not use the equipment in a way that is not in accordance with the intent of the program, and and equipment will not be used by any other person or for any other purpose.
12. The Renter will comply with the instructions provided and with all applicable laws in the use of the equipment.
13. This contract and the instructions are the entire agreement between the Renter and Alberta Agriculture and Irrigation for the rental of the equipment. It supersedes all previous negotiations and documents relating to this rental.
14. The Renter is responsible for obtaining the license to divert water, permission to operate alongside public roads, to cross public roads, or permission to cross private lands.

---

**Note:** Applicants should be aware that a **license** or **temporary diversion license(s)** (TDL) is usually required to withdraw water from rivers, streams or permanent bodies of water (e.g., lakes, wetlands/sloughs). Applicants are encouraged to contact Alberta Environment and Protected Areas for information on obtaining a temporary diversion license and applying through the Digital Regulatory Assurance System. Applicants are encouraged to contact Alberta Environment and Protected Areas:
